DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gang Luo on 4-21-2005.

The application has been amended as follows:

In claims 1, 11 and 14, line 7, after object, delete "moving in front of the image" and add --being moved by a presenter in front of the image, the object being held by, or being part of the presenter--.

Allowable Subject Matter

2. Claims 1, 3, 5-11 and 13-18 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 1, 3, 5-11 and 13-18 are allowable since certain key features of the claimed invention are not taught or fairly suggested by the prior art. In claims 1, 11 and 14, "so as to reduce or eliminate color breakup caused by an object being moved by a presenter in front of the image, the object being held by, or being part of the presenter". The closest prior art, McKnight (5,959,598) discloses reducing or

eliminating color breakup, however, either singularly or in combination with other prior art, fails to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
